April 1, 2020

Good Afternoon Stamford Collegiate Secondary School Graduates,

I hope that you are all doing well. Thank you for reaching out to your teachers. Also, one last reminder that **if you need access to a device or internet access**, please email Mr. Matic ([tom.matic@dsbn.org](mailto:tom.matic@dsbn.org)) or call him and leave a message at 905-354-7409 ext. 65402.

As you likely know yesterday afternoon the Ministry of Education provided updates on the continuation of learning during the extended school closure period. They announced that schools would reopen for students on May 4th, depending on Public Health recommendations.

The Community Involvement hours requirement for this year's graduates has been suspended.

Students enrolled in SHSM programs will receive their red seal upon completion of their courses.

For cooperative learning courses, your community placement is suspended. You will work with your coop teacher and modify your Learning Plan to work through the curriculum expectations. Where possible, virtual career exploration activities will be explored.

You should be spending approximately 3 hours on assigned work for each of your courses per week. Your learning may include tasks, projects, culminating activities and these will be marked by your teachers for formative and summative evaluation.

Mid-semester report cards will be issued for graduates only. Marks will be provided by April 23rd to meet submission deadlines for post-secondary applications to college and university. The Ministry is in ongoing discussions with post secondary colleges and universities regarding your post secondary acceptances.

Please check in with your online classes (D2L, Google Classrooms), DSBNSB email account, school website, DSBNSB website and social media **daily** for updates.

Please share this messaging with other graduating students, so that we make sure everyone is receiving these messages.

I miss you all and hope to see you soon!

Sincerely,

Mr. Sheard  
Principal
